

Regulations for Roof Extensions Over Porches and Decks

1. This Guideline applies to an extension of an existing building (AKA: small cabin or out building) roof.
2. The roof extension may extend out a maximum of 12 feet from the building.
3. Dormers and shed type roofs are not permitted.
4. Gable type roof extensions are permitted.
5. A permit must be obtained from White County and the Architectural Committee for construction of a roof extension. A permit application shall include necessary drawings and diagrams to describe what is proposed for construction specifying materials, structure, dimensions and colors(s). Said documents are subject to review and must be approved by the Architectural Committee prior to the granting of any permit, or the start of construction.

APPROVED BY THE PARADISE VALLEY CAMPGROUND BOARD OF DIRECTORS - June 5, 2009
