Architectural & Site Improvement Committee:

The purpose of this committee is to help property owners who are plan ning new construction or repairs and to ensure compliance with our covenants and building standards. Please keep in mind that you (the property owner) not your contractor, must apply for a permit from the Park. To make the process easier, the application forms for a (PVC) permit are available on the Paradise Valley website. You can print the form, fill it out and e-mail it back to

If the application meets the covenants and Park's building standards, a permit will be issued and waiting for you or your contractor. It is our desire to issue permits in a positive manner. If you have any questions as to what may or may not require a Park permit, please ask an Architectural Committee member before you start any exterior building project. The committee members for 2013 are listed below. Please keep in mind that your project may require a White County Building Permit. The phone number for the White County Building Inspector Office is: 706-865-6496.

Grounds Committee:

Welcome back our Work Campers John & Carol Dryton! We are happy to have John and Carol back this year. They have been here since the end of March and have been hard at work getting everything cleaned and ready for the Owners return. The Park is beginning to look good. Most of the lots are looking real good. However, we still have a few that have not been taken care of yet. On May 15th, the Committee will begin checking on the lots and writing letters, if necessary. We are in the process of trimming the trees along the roads and removing dead trees.

We look forward to the opening of the Pool, Bocce Ball Court and Shuffleboard Court Memorial Day Weekend. We hope everyone will take advantage of the new courts.

Tom Grice, Chairman
